PCI, TR-31 KeyBlocks and Genmega

Genmega, Inc.
Wes Dunn
EVP of Sales and Marketing

The Easy

ü**B3 and B5 Keypads CAN support TR-31**

ü**B3's started shipping in April of 2014**

ü**Will require software update when the time is right**

The Good

ü**B1 and B2 Keypads will NOT support TR-31**

ü**Keypad & Bracket must be replaced**

ü**Software update may be required to support B5 (.37)**

GENMEGA

The: Its Going To Be Okay

ü**C4000 with ACU1 Board will not support TR-31**

  ü**2006-2008 – So they are minimum 14 years old**

ü**Must replace motherboard**

ü**Must replace keypad & mounting hardware**

GENMEGA
